

## Maths Recovery Virtual Workshops for Classroom Teachers 2026

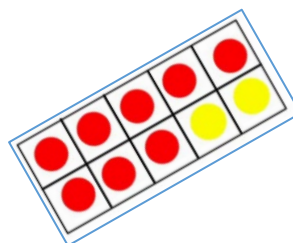

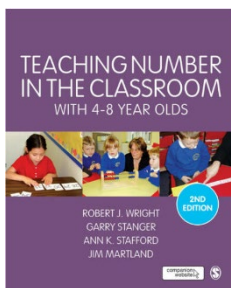

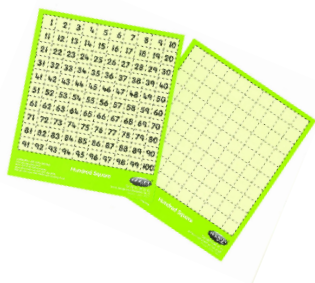

**Aim:-**

Four professional development workshops that bring the principles and practice of Maths Recovery to whole class teaching.

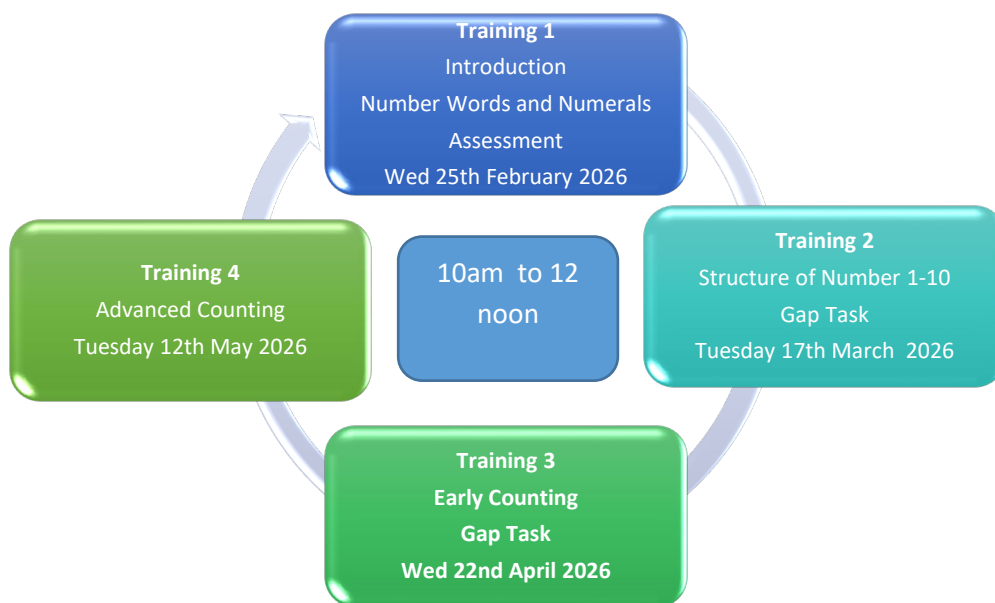

An inquiry – based approach that builds on a clear understanding of the childrens' current levels of knowledge.

Understanding of where children's learning should progress to and the means by which children learn early numeracy topics.

The online sessions are based around 'Teaching Number in the Classroom with 4 – 8 year olds' and will use a combination of **Microsoft Teams** sessions and Facebook group discussions. Teachers can access via tablets, phones or laptops with camera access.

Total cost for the four online sessions is £150. Bookings can be made at [mathsrecoveryuk20@gmail.com](mailto:mathsrecoveryuk20@gmail.com)

Each delegate will need a copy of the *Teaching Number in the Classroom*, cost £29.99 from Sage Publication (a discount is available for teachers/schools). Also available as an e-book.

There will be Chapters for study each week with a pre reading task, a two-hour live **Microsoft Teams** session, follow up Facebook group discussions and comments. Assessment and teaching tasks to try with children are built into the course.

Maths Recovery is a not-for-profit Registered Charity (1158077).
